

NEW JERSEY LOCAL UNIT “PAY-TO-PLAY” LAW (N.J.S.A. 19.44-A-20 et seq.)

Pursuant to the recent Senate Bill (S-2) that has been signed into law in the State of New Jersey concerning “Pay-to-Play” issues, all contractors are being placed on notice of the following:

The bill prohibits a county or municipality from entering into a contract having an anticipated value in excess of \$17,500 with a business entity, except a contract that is awarded pursuant to a fair and open process, if that business entity has made a reportable contribution, in the case of a county to any county committee of a political party in that county, if a member of that political party is serving in an elective public office of that county when the contract is awarded, or to any candidate committee of any person serving in an elective public office of that county when that contract is awarded. In the case of a municipality, to any municipal committee of a political party in that municipality if a member of that political party is serving in an elective public office of that municipality when the contract is awarded, or to any candidate committee of any person serving in an elective public office of that municipality when that contract is awarded. A business entity that enters into such a contract with a county or municipality would be prohibited from making a contribution to any of these committees during the term of the contract.

MANDATORY EQUAL EMPLOYMENT OPPORTUNITY LANGUAGE

N.J.S.A. 10:5-31, et seq., N.J.A.C. 17:27

The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

- (A). If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31, et. seq. as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to attempt to hire or schedule minority and women workers directly, consistent with the applicable employment goal. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with the applicable employment goal, the contractor or subcontractor agrees to be prepared to hire or schedule minority and women workers directly, consistent with the applicable employment goal, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines or is so notified by the Division that the union is not referring minority and women workers consistent with the applicable employment goal.
- (B). If the hiring or scheduling of a workforce consistent with the employment goal has not or cannot be achieved for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions consistent with the applicable county employment goals:
- (1). To notify the public agency compliance officer, the Division, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;
 - (2). To notify any minority and women workers who have been listed with it as awaiting available vacancies;
 - (3). Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;
 - (4). To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area until such time as the workforce is consistent with the employment goal;
 - (5). If it is necessary to lay off some of the workers in a given trade on the construction site, to assure, consistent with the applicable State and Federal statutes and court decisions, that sufficient minority and women employees remain on the site consistent with the employment goal; and to employ any minority and women workers so laid off by the contractor on any other construction site on which its workforce composition is not consistent with an employment goal established pursuant to rules implementing N.J.S.A. 10:5-31, et. seq.
 - (6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:
 - (i) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall determine the qualifications of such individuals and if the contractor's or subcontractor's workforce in each construction trade is not consistent with the applicable employment goal, it shall hire or schedule those individuals who satisfy appropriate qualification standards. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Division. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

N.J.S.A. 10:5-31, et seq., N.J.A.C. 17:27

(ii). If the contractor's or subcontractor's workforce is consistent with the applicable employment goal, the name of any interested women or minority individual shall be maintained on a waiting list for the first consideration, in the event the contractor's or subcontractor's workforce is no longer consistent with the applicable employment goal.

(iii). If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Division.

(7) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Division and submitted promptly to the Division upon request.

- (C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that in implementing the procedures of (B) above it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union. After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Division an initial project workforce report (Form AA-201) provided to the public agency by the Division for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Division and to the public agency compliance officer. The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the-job programs for outreach and training of minorities and women.
- (D). The contractor and its subcontractors shall furnish such reports or other documents to the Division of Contract Compliance & EEO as may be requested by the Division from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Division of Contract Compliance & EEO for conducting a compliance investigation pursuant to **Subchapter 10 of the Administrative Code at N.J.A.C. 17:27**.

A. GENERAL INFORMATION & CONDITIONS (CONTINUED)

3 COUNTER OFFERS

3.2 Bids containing statements, rates and/or conditions that contradict those contained in this specification and applicable bid shall be considered a counteroffer and shall result in the rejection of the bid proposal.

4 SHOW/DISPLAY REQUIREMENTS

4.2 **Scope:** The bid proposal shall include the furnishing of all labor to deliver, receive, unload, secure, setup, fire and cleanup all shows/displays; all transportation and except as herein provided, all necessary materials required to fire the show/display.

4.3 Dates & Time of Display: Fireworks shall be fired on Monday, July 4, 2016 starting promptly at 9:00 PM, EDT and concluding at 9:27 PM, EDT (minimum of a 27 minute show/display). Alternate #1 minimum of 23 minutes.

4.4 Length of Show: The show shall not be less than twenty-seven (27) minutes or more than thirty (30) minutes in duration. The program shall be fired in a time frame that will ensure that a complete balance of the music and fireworks are maintained throughout the duration of the show/display. **Alternate #1 minimum of 23 minutes.**

4.5 **Delays:** The Borough and its representatives reserve the sole right to delay and/or postpone the display due to inclement weather and/or high winds. Delay or postponement shall strictly follow NFPA 1123 (current addition) guidelines.

4.5.1 **Rain Date:** the following rain dates have been scheduled in the event of a postponement: **Tuesday, July 5, 2016, @ 9:00 PM, EDT.**

4.5.2 The Borough shall not pay any additional compensation to the contractor in the event of a rain and/or weather delayed show. Upon completion of the contracted show on the re-scheduled date, the Borough shall not pay the amount indicated in the original contract.

4.6 **Firing Site (Land Based Show):** The Borough of Beachwood shall provide an adequate and safe firing site, that meets or exceeds NFPA 1123 (current edition), located at the beachfront on the designated area on the bluffs above the Borough river front bathing beach. It shall be the contractor's sole responsibility to transport the shells to the actual firing site on the bluffs. It shall be the Borough's responsibility to secure the site prior, during and after the fireworks show/display.

4.7 **Firing Equipment (Land Based Show):** Firing racks shall be "California Design" and contain only high-density plastic tubes. Racks shall be securely fastened together for firing, safety and stability. Once the firing tube has been loaded, a one-inch piece of masking tape shall be placed horizontally across the opening to show that the tube is ready for firing. This will also permit a visual determination once the show is complete, if the tube was properly discharged at the conclusion of the show.

5 SHIPMENT & SAFETY OF THE PYROTECHNICS

5.2 Land Based Show/Display

5.2.1 The Contractor shall transport the fireworks to the specified firing location only on the day of the display. Shipment shall be made in a closed vehicle properly identified in accordance with Federal, State and Local laws and regulations.

5.2.2 Each vehicle utilized in the transport of the fireworks shall be properly labeled with: The Placard: Explosives 1.3.G

5.2.3 All fireworks shall be transported in accordance with the Federal and State D.O.T. Laws regarding the transportation and handling of hazardous materials.

6 DUDS & MISFIRE CREDITS

6.2 Payment deductions shall be made for all shells, which fail in operation. Such determination shall be based on the percentage of failure by written verification of the respective Borough officials and the Contractor's representative. The Contractor's representative shall take charge of all duds and dispose of same as required by law.

6.3 Low break aerial shells shall be viewed as a 100% failure and a full credit for the unfired shell shall be given to the Borough.

7 STORAGE & SECURITY AT THE DISPLAY LOCATION/SITE

7.2 The Contractor shall provide proper storage and security for the fireworks at the specified location.

7.3 Under no circumstances are the fireworks to be left unattended by the Contractor's employees after delivery.

7.4 Only those persons identified by the Contractor prior to the show shall be allowed into the designated restricted areas to fire the display.

7.5 **FOR SAFETY REASONS, NO OTHER INDIVIDUALS SHALL BE PERMITTED TO ENTER OR REMAIN IN THE DESIGNATED RESTRICTED FIRING AREA.**

7.6 **ALL FIREWORKS PIECES SHALL BE FIRED UNLESS THEY ARE FOUND TO BE DAMAGED OR UNSAFE FOR USE.** In that case, they shall be properly secured by the contractor and the Borough shall receive a credit for the shells that were not fired.

8 **CONTRACTOR'S SUPERVISOR(S)**

8.2 The Contractor shall designate a supervisor as a contract person who can be reached on Monday, July 4, 2016 or Tuesday, July 5, 2016, as may be required. Bidders shall provide the name and telephone number of said proposed supervisor(s) with the bid proposal package.

8.3 The Contractor's supervisor shall be required to be on site and available to both the New Jersey State Fire Inspector and designated Borough personnel throughout the day of the designated show. Additionally, the Contractor's supervisor shall be capable of addressing and dealing with any issues that may be brought to their attention throughout the day by either party.

9 **FIELD INSPECTION & VERIFICATION OF INVENTORY**

9.2 The Borough 's representatives shall verify shell quantity and type prior to the start of the show and will take an inventory of all unfired shells after the show has been completed.

10 **REQUIRED FIRE PROTECTION AT THE STAGING & FIRING SITE**

10.2 The Contractor shall provide all necessary fire extinguishers and safety equipment for the designated staging/firing area.

10.3 The Borough shall provide at least (1) one fire pumper and various Fire and Police Department personnel to be located throughout and adjacent to the restricted staging/firing area.

11 **WRITTEN INSTRUCTIONS TO THE OPERATOR**

11.2 The Contractor shall be responsible for issuing written instructions on the requirements of this contract to all its operators prior to the commencement of the show.

12 **RESPONSIBILITIES OF THE CONTRACTOR AFTER THE DISPLAY HAS BEEN FIRED**

Land Based Show/Display

12.2.1 Immediately after the display, the Contractor shall be required to gather and remove all firing devices and fill holes made in the beach to prevent accidents and or possible liability. The Contractor shall remove all parts of shells not fired and clean up all debris to avoid danger of injury of accidents from partially exploded pieces lying on the ground and/or the beach. All debris shall be removed from the site by the Contractor in accordance with Federal, State and Local Laws.

12.2.2 A representative of the Contractor shall remain at the firing site until all of the holes have been filled and the grounds cleared to the satisfaction of the Borough and State representatives.

12.2.3 The contractors shall not be permitted to leave trash, debris, firing wires or shipping cartons at the firing site. All debris shall be removed by the Contractor following the conclusion of the show at the Contractor's own expense.

13 **DISCHARGE & FIRING OF THE FIREWORKS SHOW/DISPLAY**

13.2 **A copy of the proposed program for the aerial display shall be provided with the submittal of the bid proposal. Failure to supply the required program with the proposal shall be considered just cause for the Borough 's rejection of the bid.**

13.3 The Contractor shall also provide the Borough 's representative with a certified packing list of materials sent to the fireworks site at the time of delivery.

13.4 This program and certified packing list will be utilized by the Borough 's representative to verify the shell count and to determine which aerial shells misfired during the fireworks display.

13.5 Land Based Show/Display

13.5.1 The fireworks show/display shall be fired **electrically**.

14 Land Based Show/Display) Base Bid

14.1 The following criteria are established as a minimum requirement. Each proposal shall not include any "cake" shells or any shells less than 3". All shells shall have rising tails. The **"Opening Display"** shall contain the following shells:
