APPENDIX B
LEASE AGREEMENT

**LEASE AGREEMENT
COMMUNICATIONS SITE/ EXISTING WATER TANK**

THIS AGREEMENT entered into as of this day of , by and between the Borough of Beachwood, 1600 Pinewald Road, Beachwood, N.J. 08722 ("Landlord") and with its principal office at ("Lessee").

For good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Premises:

Landlord is the owner of the real property upon which a water tank is located at 67 Locker Street, Block 2.20, Lot 1 on the Official Tax Map of the Borough of Beachwood.

2. Leased Premises:

The Landlord desires to lease to Lessee and Lessee desires to lease from Landlord, a portion of the Premises ("Leased Premises") as described in Exhibit A in order to operate and maintain certain communications equipment, on the terms and conditions set forth below. The Leased Premises shall include a location for installation of wireless communications antenna array and associated cabling on Landlord's existing water tank together with space at the base of such tank as shown on Exhibit A, LE-3 for an equipment shelter, its entrance pad and space on Premises for running of utilities lines, transmission lines, other cables and all necessary appurtenances, including out limitation generators and fuel storage tanks (being collectively referred to herein as "Antenna Facilities") as more specifically described in Exhibit A. In connection therewith Lessee has the right to do all work necessary for preparing, maintaining and altering Leased Premises for Lessee's business operations and for installing, removing, replacing and modifying a personal communications service system facility. All of Lessee's instruction and installation work shall be performed at Lessee's sole cost and expense and in a good and workmanlike manner. Lessee shall pay for the electricity and any of the utilities it consumes in its operations. If permitted by the local utility company servicing the Leased Premises, Lessee shall furnish and install its own electrical meter at the Leased Premises for the measurement of electric power used by Lessee's installation. If however, the local utility company will not permit Lessee's own meter, then Lessee shall be permitted to install its own sub-meter at the Leased Premises for the measurement of electric power used by Lessee's installation and Lessee shall pay for such power consumption thirty (30) days after receipt of invoice from Landlord indicating the usage amount.

Landlord makes no representations regarding the availability of utilities at the Leasehold Premises.

3. Co-location:

It is the intent of the parties that this Lease Agreement is a non-exclusive agreement which anticipates utilization of the water tank by other Lessees for wireless communication purposes. The Lessee's operation should occur to the greatest degree

possible so as not to interfere with other users on the premises. Likewise, the Lessee's use of the Leased Premises shall not interfere with the principal use of the Premises by the Landlord for water tank purposes. The Landlord will not permit the installation of any future equipment which results in technical interference problems with the Lessee's or other Lessees then existing equipment. The Landlord will not be responsible for any expense due to interruption of communication service.

4. Term:

- A. This Agreement is for a term of five (5) years commencing on the first day of the month following the issuance to the Lessee of all necessary governmental approvals, including a building permit ("Commencement Date") and terminating on the fifth anniversary of the Commencement Date (the "Term") unless otherwise terminated as provided for herein.

This Agreement may be extended by the Lessee at Lessee's option for four (4) additional five (5) year period. This Agreement will be automatically renewed for four (4) additional terms of five (5) years each, (each a "Renewal Term") unless Lessee provides Landlord notice of intention not to renew not less than ninety (90) days prior to the expiration of the Term or any Renewal Term. The rent payment shall increase annually on each anniversary of the Commencement Date to an amount which shall be equal to the greater of; (i) one hundred three (103%) percent of the prior year's annual rent; or (ii) the rent that is calculated in accordance with the following formula:

$$\text{Renewal Rent} = (\text{Current Rent}) + ((\text{IR IL}) / \text{IL} \times \text{Current Rent})$$

Definitions:

IR is the Consumer Price Index for the month which is three (3) months immediately preceding the month in which the second year and each succeeding year commence.

IL is the Consumer Price Index for the month which is the same month as the IR index published twelve (12) months earlier than the IR index.

"Consumer Price Index" shall mean the Consumer Price Index published by the Bureau of Labor Statistics of the United States Department of Labor for Urban Wage Earners and Clerical Workers for All Items (CPI W) U.S. City average or shall mean the successor thereto. In the event the Consumer Price Index is converted to a different standard reference base or otherwise revised, the determination of the rent for the second year and each succeeding year shall be made with the use of such conversion factor, formula or table for converting the Consumer Price Index as may be published by the Bureau of Labor Statistics, or if the Bureau should fail to publish the same, then with the use of such conversion factor, formula or table for converting the Consumer Price Index as may be published by any nationally recognized publisher of similar statistical information. If the Consumer Price Index ceases to be published and there is no successor thereto, such other index as Landlord and Lessee may agree upon shall be substituted for the Consumer Price Index, and if they are unable to agree, then such matter shall be submitted to arbitration in accordance with the then existing commercial rules of arbitration of the American Arbitration Association at the American Arbitration Association office nearest the Lessee.

- B. INTENTIONALLY OMITTED
- C. Upon termination of the Agreement, all equipment shall be removed and the Leased Premises and water tank restored to the original condition, ordinary wear and tear excepted. Upon completion of the Leased Premises and water tank restoration to the Landlord's satisfaction, the performance guarantee will be returned to the Lessee.
- D. Lessee hereby agrees to supply to Landlord a performance guarantee in the amount of Ten Thousand and 00/100 Dollars (\$10,000.00), ("Performance Guarantee"), for the sole purpose of assuring Lessee's faithful performance in the removal of Antenna Facilities as required under provision C above. If Lessee fails to remove the Antenna Facilities within sixty (60) days of the termination of this Agreement, Landlord shall notify Lessee in writing that Landlord will remove the Antenna Facilities and store the same at Lessee's expense. Failure by Lessee to remove Antenna Facilities from storage and to reimburse Landlord for any and all reasonable costs associated with such removal and storage ("Costs"), within sixty (60) days of removal of the Antenna Facilities, will result in Antenna Facilities being deemed abandoned and title of same will revert to Landlord. If Lessee fails to reimburse Landlord for Costs, Landlord may use the proceeds from the Performance Guarantee for Costs. Lessee will have no further responsibility or incur any further costs from the time Antenna Facilities are deemed abandoned.

5. Rent:

Lessee shall pay Landlord as annual rent for the premises the sum of \$ _____ annually. Lessee shall pay the Landlord the base rent monthly starting on the Commencement Date, monthly thereafter on the first day of each month.

6. Installation of Equipment and Facilities:

- B. Lessee shall submit copies of the site plan and specifications to the Landlord for prior approval, which approval will not be unreasonably withheld or conditioned. The Lessee shall be required to supply a specific plan concerning the installation methods for the cables, antennas and shielding device. The plan shall specifically indicate and include shrouding of the tank leg and appropriate procedures that will be taken to ensure that the project is carried out in the least destructive and one which protects the safety and integrity of the area and neighboring properties. If the Landlord does not provide such approval or request for changes within fifteen (15) business days, Lessor shall be deemed to approve the plans. Landlord shall not be entitled to receive any additional consideration in exchange for giving its approval of Lessee's plans. Any damage done to the premises and/or the water tank during installation and/or during operation by Lessee shall be repaired and replaced within thirty (30) days of written notice of

said damage at Lessee's expense and to Landlord's sole satisfaction. There shall be a thirty (30) day extension of time for repair and replacement if Lessee is diligently pursuing the work.

- C. Bidders may contact the borough clerk to arrange for inspection of the site and to satisfy themselves of its suitability for its proposed use.

The Borough and the successful bidder shall coordinate their efforts jointly to have the successful bidder complete any connections or mounts to the tank and structure for its antenna and co axle cables prior to the actual painting of the tower and tank structure. After completion of the painting the successful bidder will attach the antennas and cables to said connections. The Borough acknowledges that is important to Lessee to complete its equipment installation without material delay, and, accordingly, the Borough agrees that it will complete the rehabilitation and painting work as quickly as reasonably possible under all the circumstances.

There will be no additional compensation or reduction in rent to the successful bidder for said coordination of effort.

7. Compliance with Statutes, Regulations and Approvals.

Lessee shall erect, maintain and operate its Antenna Facilities in accordance with applicable industry standards, state statutes, ordinances, rules and regulations now in effect or that hereafter may be issued by the Federal Communications Commission ("FCC") or any governing bodies with jurisdiction.

10. Taxes.

- A. Lessee shall pay all real and personal property taxes (or payments in lieu of taxes) and assessments for the Leased Premises, if any, which become due and payable during the term of this Agreement as a direct result of Lessee's use of the Leased Premises. All such payments shall be made, and evidence of all such payments shall be provided to Landlord, at least ten (10) days prior to the delinquency date of the payment provided that Landlord gives Lessee notice that such taxes are due at least thirty (30) days prior to this due date. - B. The Lessee shall have the right to file an appeal in a court of competent jurisdiction for any imposition of taxes imposed pursuant to this paragraph. Landlord and Lessee shall cooperate with each other in the protest of any such assessment by (i) providing each other with information regarding the relative valuation of their property, and (ii) allowing each other to participate in any proceeding related to the tax protest.

Nothing in this paragraph shall be construed as limiting either party's right to contest, appeal or challenge any tax assessment.

- C. Lessee shall indemnify Landlord from any and all liability, obligation, damages, penalties, claims, liens, costs, charges, losses and expenses (including, without limitation, reasonable fees and expenses of attorneys, expert witnesses and consultants), which may be imposed upon, incurred by or be asserted against Lessee in relation to the taxes owed or assessed against Lessee pursuant to provision 10A above, due to Lessee's installation on the Leased Premises.

- B. Landlord acknowledges that Lessee may enter into a financing arrangement including promissory notes and financial and security agreements for the financing of the Lessee Facilities (the "Collateral") with a third party financing entity (and may in the future enter into additional financing arrangements with other financing entities). In connection therewith, Landlord (i) consents to the installation of the Collateral; (ii) disclaims any interest in the Collateral, as fixtures or otherwise; and (iii) agrees that the Collateral shall be exempt from execution, foreclosure, sale, levy, attachment, or distress for any Rent due or to become due and that such Collateral may be removed at any time without recourse to legal proceedings.

In such event, Lessee shall promptly remove the Antenna Facilities from the Leased Premises and shall repair such damage as caused by such removal. This Agreement (and Lessee's obligation to pay rent) shall terminate upon Lessee's fulfillment of the obligations set forth in the preceding sentence at which termination Lessee shall be entitled to the reimbursement of any Rent prepaid by Lessee. Landlord shall have no obligation to repair any damage to any portion of the Leased Premises, unless caused by Landlord, its employees, agents or contractors.
